

Paul Entwistle's Table Top Rally

January 30th

Rushed in at the last minute as the first event of the year, this table top was a little poorly attended, with only the road rally cognoscenti chancing their arm. Which was a shame, cos' it was free.

Old man had devised a tortuous route through some highly suspect PR areas around the outskirts of Manchester.

The route was mostly defined by spot heights, grid lines and funny little symbols and words. Oh yes, and some strange stick drawing thingies. The timing was tight, and got tighter as the night progressed. Dave Pedley set off at a cracking pace, using all his plot and guess techniques to the full. Paul Griffin commenced at a more leisurely pace, which led to some inevitable time penalties when he got lost in Disley, and a certain amount of cutting in the next section. Mike Pedley and Steve Warrington joined forces (although how they got that to work I don't know) and stayed clean. The Vance brothers commendably lined the route on both sides, but this led to extensive time penalties.

Dave appeared to have the event wrapped up with no time penalties, but when the results were announced, it appeared he forgot the basic tenet of the fails system, and so was third after the joint winners, Steve/Mike and Griff. The Vances were fourth, but won the Spirit of the Rally award, since all the others were cheating (a bit)

Thanks to Paul Entwistle for an engaging event, and all the residents of the bar.

EDITORIAL

Happy New Year! I apologise for the lateness of the first magazine of 1996, but I hope it won't have escaped your attention that we will be running the Mini Miglia soon. There has been a lot of activity on this front by the committee, and so far most of the paperwork and route information has been carried out. There is however PR work required so anyone who could lend a hand would be appreciated. We will also need Marshals, so anyone interested please ring me or Dave P. (0161 653 7104) or talk to any of the committee.

The Mini Miglia Road Rally and Historic Road Rally will run on the 23/24th March starting from Halfords in Rochdale, and finishing at the Sportsmans Inn, Todmorden. The route will cover 130 miles on maps 103, 104, 110.

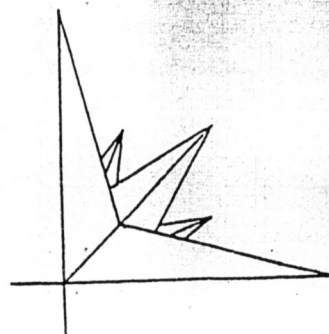

Following our successful RAC forum, there is the intention to hold one on the Mini Miglia on the Tuesday prior to the event. We intend to have speakers who competed in the rally in the 60's and 70's, so please attend and reminisce about the glory days!

Griff, our Social Secretary has produced a schedule for Social Events for 1996 which is in this magazine. There are also results for 1995's championship, which Griff eventually won - coincidence? I think not! Seriously though, Griff's Girlfriend is not going to be happy when he brings back the huge Social Champion's shield, so help her out and organise an event!

Enclosed in this months newsletter are
regulations for the
ANWCC and SD34 Championships.

If you are competing on events this year enter one or both
championships the costs are reasonable at £7 and £4.

Please note that running in parallel with these individual
championships is an inter-club championship. The club
obtains points through competitors final placing as
long as they have entered in the club name .

Last year in the SD34 championship we won the Division 2
Shield, mainly due to a handful of competitors in speed events
and rallies. We would achieve even better results if some mem-
bers entered autotests and production car trails. Perhaps all those
who had a go at the Boxing Day autotest entered a few events
we would get better results.

Due to the cancellation of hillclimbs at
Baitings Dam in 1996 due to work by
Yorkshire Water we will run

The Stuart Harte Hillclimb
at
Scammonden Dam
Sunday 14th April 1996

Marshals and other officials required for this event, if you can
help even for a half day please contact:

Andy Czakow - 01706 840266

Please Note

Some work needs to be carried out at Scammonden Dam
before the Hillclimb:

To clean up the track after the winter;
to cut down 4 trees, volunteer with chainsaw please;
some tyre barrier work

therefore we require club members to turn out on Saturday 13th
April to help carry out this work, meet at 12.00.

The 1996 Social Calender

Following on from last year's reasonably succesful re-emergence of the social championship, the 1996 Championship returns with most of last years inaugural events and some old favourites returning.

A slightly altered format has been arranged for this years proceedings, with a major event, counting full points, to be run on the last Tuesday of every month. Events are in planning for the first seven months of the year (indeed January's has already taken place). In addition, minor events may also be held on the second Tuesday of the month, counting half points. These events however, rely on members coming forward to organize them, so anyone wishing to put on an a minor, or indeed major event, should contact me as soon as possible for a date. (Remember 8 points are on offer for the organiser of an event).

Ideally, Video evenings will be held on the third Tuesday of the month, but this relies on people bringing in videos (preferably of a motorsport origin!) on these nights, so if anyone has any of their own or others exploits they wold like to display, please feel free.

In March, as you may well be aware, Knowldale is once again running the Mini Miglia. To celebrate the return of this venerable Road Rally, March 19th will be given up to a Road Rally Forum: Past and Present. Guests are yet to be confirmed but we will keep you posted.

A calender for the first seven months events follows. Some dates may be subject to change due to unforssen circumstances, but events will be advertised closer to the time in any case.

Most events organised by a SD34 MSG member club are included in the Championships. Selected events from other clubs may be included at the discretion of the Committee.
NOTE:- Only selected events are included in the Interclub League.

Number of events to count in all championships will be:- The best scores from one half plus one, rounded up to the next whole number. TO A MAXIMUM OF EIGHT (8) SCORES. eg 11 events, $11/2=5.5+1=6.5$, rounded up =7. This proportion may be varied at the discretion of the Committee if considered necessary. To win an award you must start either a minimum of two (2) or a quarter of the total events counting towards the Championship, whichever is the greater.

For definitions of all Championship classes see your SD34 representative who has copies of the Championship Rules. Particular note should be made of the requirement to display the Championship Decals on the vehicle, whilst competing, to qualify for Championship points. This rule applies to all championships except Road Rally.
